

State Funded Mental Health and Substance Use Treatment Providers

The following agencies provide Mental Health and/or Substance Use Treatment services with a grant from the Wyoming Department of Health, Behavioral Health Division that offsets costs for providing services to persons unable to pay. Please ask the provider about their Sliding Fee Scale for more information. These providers also accept Medicaid, many forms of insurance, and private pay.

To find providers that don't have the grant:

You may access a list of other certified Substance Use Treatment Providers here:

<http://www.health.wyo.gov/mhsa/treatment/index.html>

Consult your insurance or Medicaid provider or do an online search for a list of other mental health agencies.
